Sir,

Subject - Enhancement of the pay of the Octroi watchers and entertaining of additional Octroi watchers and sweepers in Chamarajanagar Town unicipality

---

With reference to your letter No L 10442/L1 dated 26th April 1943 calling for information on certain points on the above subject, I have the honour to state as follows -

The pay of the Octroi watchers is very low and the dearness allowance is sanctioned only as a temporary measure Further, the high prices of foodstuffs and clothing cannot compensate for the grant of this allowance hence I have proposed an increase in pay to the Octroi watchers

With regard to the necessity for increasing the staff under the conservancy and octroi establishments, I wish to state that the existing staff cannot cope up with the work and extensions are being formed Consequently additional sweepers are quite necessary to maintain cleanliness in the town and extensions

Even with regard to Octroi the increase in income under this head is partly due to the efforts of the existing Octroi staff But the work is growing heavier and this warrants for an additional hand under Octroi establishment

It is, therefore, considered very necessary to increase the staff of both establishments and this may be sanctioned from 1st July 1943 Due provision has been made in the

current year's budget to meet these items of expenditure

In the circumstances, I request sanction of Government may be kindly obtained for increasing the pay of the Octroi watchers and also for increasing the staff under both the Octroi and conservancy establishments of the Municipality as already recommended in this office letter of even number dated 2nd April 1943

The records received with the letter under advertance are herewith retransmitted for reference and return when no longer required
